## **Biography**

Since earning his American Championship in the conformation ring at thirteen months of age, Titan has been busy. He earned his CD in just three shows. He continued to exhibit his talents in the ring a few more times, each time either placing in or winning his class. He has been ready for his CDX since then but his owner now promises to dust off his dumbbell and complete that title. Titan is well rounded as he loves to dance, and is currently learning tracking, and schutzhund, just to name a few things.
